Tire iBrochure

# TM100

**Narrow radial tire, specifically designed for row crop working and highly regarded for delivering comfort.**

## High Load Capacity

The casing construction and the materials used guarantee high load capacity and exceptional resistance to tire fatigue.

## Excellent Traction

The high lug angle ensures traction in all soil conditions from wet to dry.

## Superior self-cleaning

The geometry of the lugs and mud breakers give the tire superior self-cleaning characteristics.

## Outstanding productivity

The TM100 range, identified by its rounded shoulders, allows working between rows of crops without damaging the plants.
